

OT at School

Occupational therapy helps students build the skills they need to participate and be successful throughout their school day.

Fine motor
and handwriting

Cutting, coloring,
drawing

Sensory regulation
and body awareness

Independence with
school routines &
classroom participation

OT SUPPORT HAPPENS AT DIFFERENT LEVELS

TIER 1

Classroom Support

Strategies, activities and
teacher collaboration
that support all students.

TIER 2

Targeted Support

Additional strategies
or small-group support
when a student needs
a little more.

TIER 3

Targeted Problem-Solving

More individualized
support and intervention
based on student need.

When individualized needs remain, direct OT services may be considered through the school's team-based support and evaluation process.

YOUR SCHOOL-BASED OT

Name: _____

Email: _____

Working together
to help all students
learn, participate
and thrive!
